

Press release:

The Wyoming Livestock Board recently adopted changes to their Chapter 9 rules - Brand Inspection and Brand Recording Fees. The new rules have been signed by the Governor's office and filed with the Secretary of State's office and are now in effect. The rules change will increase the Brand Inspection fees by approximately fifteen percent. These fee increases were deemed necessary to partially offset budget cuts to the Brand Inspection program that were passed during the past legislative session.

The Wyoming Livestock Board would like to remind all livestock owners they can view these rules at <https://rules.wyo.gov/> - under Livestock Board (051), or contact the Wyoming Livestock Board, or their local brand inspector to find out more on the fee changes.
